

1. Visit Protectowrap.com for the most current information
2. Refer to Technical Data sheet for more information
3. Protecto Wrap Underlayments should be installed to form water-shedding laps
4. All exposed ACQ Flashing Tape at outside edge should be trimmed flush with joist to prevent damage by longterm UV exposure
4. ACQ Flashing Tape does not need to be trimmed if covered with Trim, Fascia, or other appropriate material
