Special Fire-Fighting Instructions: Incipient fire responders should wear eye protection. Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing. Do not allow firefighting run-off to enter drains or water courses. Molten polymer decomposition products may auto ignite.

Explosion Data (sensitivity to mechanical impact or static discharge): None known.
6. ACCIDENTAL RELEASE MEASURES
Wear appropriate protective clothing as described in Section 8. Pick up and place into an appropriate container for disposal. If product becomes molten, soak up with clay, sand, or other suitable material, then allow product to cool before picking or scraping up.
