Re: "Buy American" Statement

I have reviewed every Safety Data Sheet (SDS) of our products. Protecto Wrap Company (PWC) substantially transforms domestic and few imported raw materials into all our finished products in Denver, Colorado. We can state: "Our products are domestically manufactured and comply with the requirements of 49 USC 50101" and Section 52.225-11 of Buy American- Construction materials under Trade Agreements (Nov. 2023).
