Re: Build America, Buy America Act Statement

On November 15, 2021, President Joseph R. Biden Jr. signed into law the Infrastructure Investment and Jobs Act (“IIJA”), Pub. L. No. 117-58, which includes the Build America, Buy America Act (“the Act”). Pub. L. No. 117-58, §§ 70901-52.

The Act requires that no later than May 14, 2022—180 days after the enactment of the IIJA—the head of each covered Federal agency shall ensure that “none of the funds made available for a Federal financial assistance program for infrastructure, including each deficient program, may be obligated for a project unless all of the **iron, steel, manufactured products, and construction materials** used in the project are produced in the United States.”

I have reviewed every Safety Data Sheet (SDS) of our products. Protecto Wrap Company (PWC) transforms domestic and few imported raw materials into all our finished products in Denver, Colorado, United States of America. We can state: “Our products are domestically manufactured and comply with the requirements of “Build America, Buy America Act.” Pub. L. No. 117-58, §§ 70901-52.
